President's Report

Welcome to Auto Torque 2022. Good news at last. All COVID-19 Restrictions have been lifted. The Coronavirus strains of Delta and Omicron have been defeated and have ceased to exist.

We all look forward to these headlines in the media sometime in the not-too-distant future. This will happen BUT NOT at this point in time.

In the meantime, let's make the most of what we CAN do. Our 50th anniversary in March is rapidly approaching. There are limited numbers on Saturday night for our dinner at the Golf Club. Time is running out to secure a seat BUT there is no limit on numbers for Sunday 27th. On Sunday morning there is a run to Mannum and return followed by everyone gathering at the Wharf area, Murray Bridge Riverfront for a vehicle display. If you cannot join in the run to Mannum, please bring along your car/truck and or motorbike for display for the general public to admire and for viewing by past and current members of our club. Remember this is not a rehearsal – 50 years is once only event. And before the 50th celebrations we can all head down to the Swanport Reserve to socialize on our Swanport cruise on Friday evening 11th February hosted by Jan.

We know that there have been a few dramas in organising events/runs due to the ever-changing variations to COVID-19 restrictions, particularly at hotels and meal venues. At times this has caused postponement or cancellation of a proposed run. We need your help! Please advise us of any suggestions for places of interest to visit and/or runs for club events that could be held either now or at some time in the future.

On a personal note, I was contacted in December by Peter Detloff of Swan Reach. Some of you may remember visiting his collection of John Deere tractors, etc on a club run that we did to Swan Reach to visit the Swan Reach Car Museum, established by John George and run by their local car club. Peter built and successfully raced a Chev Corvette on speedway circuits around South Australia in the 1980's. I purchased the Corvette in 1988 and raced until 1996 then selling it and devoting my time to restoring our 1924 Nash Hearse for the next 4 years. The #19 Corvette was then used in off road circuit racing at Whyalla, Port Pirie, and Roxby Downs. Peter found the Corvette in a very rough and bad state of repair north of Adelaide. He is intending to rebuild it to original specifications. He contacted me on the off chance that I had kept parts or panels from over 30 years ago. My wife, Liz has repeatedly complained that I have accumulated so much junk and we need to call Shannon Watson to clear the yard of scrap. Luckily for Peter I had the original fabricated square tube bumper bar, I kept it after square tube bumpers were banned and replaced with round tube. I also had an original bonnet; the original fibreglass moulds no longer exist. Over the past 25 years the Corvette has been cut and shut, engine relocated, and a Holden front end grafted to the chassis but with a lot work it will hopefully return to the track to run in "classic speedway events".

The moral of this story is "Never throw anything out, someone at some time will use it"
I'm looking forward to taking #19 (photo below) for a run.

Claude Minge

From the Editor

Welcome to the latest edition of "Auto Torque".

What is your family like? After a slow start to summer with the cooler weather lingering mainly into December, the heat has finally arrived.

I, personally tend to mirror the opposite of a polar bear. Arise bright and early, get the fruit and vegetables picked, any watering done and retire indoors, hibernating for the rest of the day away from the sun and the heat, to reappear at dusk, to enjoy the cool evening air. Alternatively, on the cold, dry wintertime days and the months in between, I am more than happy to spend my days out of doors.

My mate counterpart, however, is the opposite. During the heat of the day, he is in his element preferring to be outside or alternatively in the shed, tinkering or pottering away on his latest project, appearing back inside at mealtimes, to invariably comment upon the closure of the blinds and the coolness. Yet in the wintertime, it is he, who retreats inside to the warmth.

It is amazing how different the individuals of the human species can be. Just like the vehicles we own and drive. Everyone has their own preferences in a vehicle and its features. Did you know that there are 14 major global corporations who control more than 60 brands of vehicles around the world? In the United States market alone in 2017, there were 237 existing and 38 new car models offered for sale. There were over one billion passenger cars traversing the streets and roads in the world in 2018, and worldwide new car sales were expected to be around 66 million automobiles in 2021.

No wonder we all have a huge array to choose from.

Safe and Happy driving to all.

Yvonne

Run Reports

CHRISTMAS PARTY 12/12/2021

The Auto Collectors Club of Murray Bridge (ACCMB) annual Christmas party for 2021, was just another milestone in the clubs near 50-year history.

In 36-degree weather, 41 ACCMB members gathered at their clubrooms this year after short journeys from their individual homes, driving in some 14 classic vehicles, mostly without air conditioning, while the remainder of the vehicles were modern.

With the clubrooms all set up by a great band of volunteers the night before, and with the air conditioner “cranked” up, members began arriving, QR coding in and signing the run book before selecting their tables for the celebrations scheduled to commence at 11 am.

MC for the day’s proceedings, was ACCMB Past President Graham Edwards, who welcomed all new and old to the gathering, inviting all to “break out” their BYO morning tea’s and settle in for a chat. During morning tea Graham outlined the Occupational Health & Safety plan along with the COVID rules etc. for the day. Graham then introduced ACCMB Dade Verrall, renowned local singer and guitarist who rendered a bracket of songs for the enjoyment of those present.

Following Mr Verrall’s toe tapping performance, it was time for lunch, with each allocated table of members, one by one wearing an array of colourful masks and all looking like bandits without a gun, filed past the tables of food consisting of meat and salads that was being served to members by a group of gorgeous ACCMB waitresses.

During the afternoon MC Graham presented a few humorous jokes, Life Member Brenda Cowie presented two quiz competitions, raffle by club treasurer, Jan Hall, and Helen Hosgood along with a final bracket of Christmas and Country & Western songs by Dave Verrall. Afternoon tea was then served to each table on separate plates, again by two of those gorgeous waitresses Brenda and June. At the completion of afternoon tea it was time to close proceedings, with MC Graham thanking all those braving the sudden day of heat by coming, organizer Brenda Cowie and her lady helpers, veteran entertainer Dave Verrall for coming out of retirement to entertain the ACCMB members for Christmas, before wishing all present a very happy and blessed Christmas and a happy and prosperous heathy 2022, and informing all present to make sure that they all have their respective QR Covid check in signs on their chimney’s for Father Christmas to sign in with!!.
